PRESIDENT'S MESSAGE

Michael "Doc" Sterling, Chapter President

HOORAY!!!

On March 18, 2006, Carolyn "Chris" Banks, SR/WA and currently Kachina Chapter 28 International Representative was elected to the position of IRWA Region 1 Vice-Chair.

This is an honor and a reward for Chris. She is in her 5th year as a Chapter Executive Board Officer and/or International Representative. The honor aspect is that she is being recognized by the other IRWA Chapters in Region 1. The reward is she has been granted another 5 years of service!

The Vice-Chair position has many responsibilities, including the updates for the Region 1 website, which is hosted by our Chapter. She will also be responsible for getting out updated information to all of the Region Chapter representatives to the Region Forums.

The term she has been elected to can last as long as 3 years, as the Region Spring Forum will give a vote of approval in order to keep her in office for the 2nd & 3rd years. Following that, she will most likely become the Region Chair, a position held for the past two years by fellow Kachina Chapter 28 member, Mark Keller, SR/WA. In all, she can most likely expect to serve for a total of 5 years.

I had the pleasure of nominating Chris for this position at the Forum. This nomination was made in recognition not only for her years of service to our local Chapter, but because of her excellence in that service. The fringe benefit for the Chapter is her real love of serving the needs of our local membership.

Chapter 28 can look forward to continued recognition throughout the Region and the International, where she already enjoys a certain degree of recognition.

There was another item of importance that came to light at the Spring Forum. IEC Member, Juan Zaragosa and Region 1 Education Chair Mike Pattison, divulged that the IEF [International Education Foundation] has 'donated' over \$200,000 to the International for the purpose of revamping and upgrading the format and content of IRWA's Educational Courses. It also appears that will be some sort of formal, or at least public, divulging of the process is soon to occur. This is something quite new as the Foundation has not always been as forthcoming in the past. The availability of such information will hopefully create a better understanding of the Foundation's function and importance to the future well being of the IRWA in general and should have the added benefit of making it easier for the Foundation to receive continued contributions!

P.S. Per information received from International Headquarters on March 23, 2006, 54 of our listed 239 members have not yet paid their IRWA Membership dues for 2006.

PAST PRESIDENT'S MESSAGE

Chris Banks, SR/WA

Thanks for all of your help and support throughout the past few years. It was a lot of hard work making my way through the Board and Committee positions but it was a lot of fun as well. I believe you all know by now that at the Spring Forum on March 18 in Riverside, CA, I was elected as Region 1 Vice-Chair. I am absolutely thrilled! Many of you have written to congratulate me on the new position. You have made me feel very appreciated. I will be sworn in this June in Denver. If I were asked to make an acceptance speech (which they don't) I would say that I look at this new position as my opportunity to make a positive impact on the Regional and International level. Just as I promised when I took office as President of our Chapter, I will work hard to learn my duties and fulfill my responsibilities. I won't be a rubber stamp vote for any issue or candidate. I will put great thought and research into anything that will result in a change and requires my input or vote. I have two quotes to leave with you:

"It is not the strongest of the species that survive, nor the most intelligent, but the ones most responsive to change." Charles Darwin (*The Origin of the Species*)

"People will forget what you said, people will forget what you did. But people will never forget how you made them feel." Maya Angelou

Chris Banks SR/WA
International Director 2nd year

Thanks!!!

Hey all you Chapter 28 Members! Here is a chance to have some fun while networking and keeping in touch with other members.
